Usa la web wit.ai. Estoy logado con la cuenta de oculus de facebook. Para ver el token:

The screenshot shows the 'Settings' page for an application on the wit.ai platform. The left sidebar contains a menu with 'Management' and 'Settings' highlighted. The main content area is titled 'Settings' and includes the following sections:

- App ID:** 122232251727461
- App Name:** oculus
- Language:** Spanish (ES) (BETA)
- Timezone:** Europe/Madrid
- Server Access Token:** CEHC4GY1BMFJ6 (with a 'Generate new token' button)
- Client Access Token:** HCS6EFLKQCFL (with a 'Generate new token' button)
- Versioning:** A field for 'Name of version' and a '+ Save the current version' button.
- Contributors:** A search bar with the placeholder 'Enter your friend's username'.
- Ownership:** A dropdown menu set to 'You'.
- Visibility:** Two buttons, 'Private' and 'Open', with the text 'Your app is set to open.' below them.
- Export Your Data:** A button labeled 'Download .zip with your data'.

At the bottom right, there is a button 'Permanently Delete This App' and a warning message: 'This cannot be undone.'

Una vez que hayamos instalado el Asset de “Voice” de “Oculus integration” en el menú de arriba nos aparece la opción “Oculus > Voice SDK”

Ponemos los token en <https://wit.ai/apps/1222232251727461/settings>
